

PENNSYLVANIA INCENTIVES

Unlock unbeatable savings when you upgrade to electric

There's never been a better time!

The Pennsylvania Department of Environmental Protection is providing incentive grants to assist fleet owners with the transition to cleaner, quieter, electric trucks with lower maintenance and operational costs. Combined with federal and state incentives, the cost of buying an electric truck can even be lower than a comparable diesel.

Vouchers are available now and can be applied toward all Workhorse electric Class 4-6 trucks, including versatile cab chassis and last-mile delivery vans. Workhorse can guide you through the voucher process, ensuring a hassle-free path to a zero-emission fleet.

Funding is available on a first-come, first-served basis. Contact us now!

Federal & State of Pennsylvania Incentives (as of Feb. 18, 2024)

45W Tax Credit

Workhorse vehicles qualify for up to \$40,000 for each electric vehicle placed in service, including businesses, nonprofits, and government entities.

Publication 5724-B (Rev. 2-2023) (irs.gov). Please consult your tax advisor.

Driving PA Forward, On-Road Rebate: Class 4-6 Trucks and Shuttle Buses

Provides rebates to both private and public fleets across Pennsylvania that may fund up to 60% of vehicle (BEV) and related infrastructure costs. Get started today with a new, clean, zero-emission vehicle from Workhorse.

- Status: Available now, first-come, first-served for \$2.2 million in funds (as of February 1, 2024)
- Scrappage required
- Public and private entities eligible
- Max applicant funding: \$750,000 and/or five vehicles

Vehicle Class	Max % Reimbursement	Max \$ Per EV	Max \$ per EV w/ Infrastructure	Act 47 Municipalities w/ Infrastructure
Class 4 & 5	60%	\$108,000	\$114,000	\$190,000
Class 6	60%	\$126,000	\$132,000	\$220,000

* While Workhorse trucks work hard and go a long way, driver habits, inclement weather, and other factors can limit range. Your results may vary.
